bon appétit

FULL PALETTE OF FLAVORS

Delicious, tasty toasts with a crispy crust for breakfast – a wonderful beginning of the day! With Oursson toaster TO2145D morning will become easy and enjoyable. Two toast slots with automatic centering function will allow placing toasts exactly in the center for an evenly browning. Toaster is equipped with Heating and Defrosting modes, has 7 levels of browning. Just place bread slices into the toast slots and choose a mode, thanks to smart-lift, toast will gently go down to prepare, and after a sound signal, prepared toast will gently rise.
