Mini-oven **MO3020**

# bon appétit

## FULL PALETTE OF FLAVORS

Table top electric mini-oven OURSSON MO3020 with 30 liters capacity – is an irreplaceable helper in the kitchen and a full replacement of stationary oven. The oven has 12 operation modes, it is worth to mention that among them is convection – the circulation of hot air around the product. Thanks to it the baking is baked evenly and becomes delicious and ruddy, meat or poultry on the spit – with crispy crust, and cooking time is lessened. Timer with automatic turn off allows to set cooking time, a sound will signal when the cooking is completed. The set includes: grid, round and rectangular pans, spit, grill-basket and two handles for grid and spit.
