FULL PALETTE OF FLAVORS

Dehydrators Oursson DH2300, DH2302 and DH2303- are household appliances that will easily help you to preserve vegetables, fruits and mushrooms, dry meat, fish, poultry and much more. Simple and clear control will help you to set the right temperature 38/48/58/68°C and set time up to 12 hours, required for dehydration or drying. The devices are made of a safe BPA Free ABS plastic, have 6 capacious drying trays. While drying fruits, vegetables, meat or fish, excessive moisture evaporates, while the structure of the cells remains intact, the products retain their natural color, taste and aroma, vitamins, microelements and enzymes.

Model	EAN-code	Features:
DH2300D/IV	7640152897641	Trays 6
DH2302D/GA	7640152897665	Power consumption, W 400
DH2303D/OR	7640152897658	Preparation timer Yes
