

Set of cutting boards CB3701SP

bon appétit

A set of different colored cutting boards in a gift box will decorate any kitchen and will be a great gift for any mistress. The boards are made from plastic with an antibacterial coating, which prevents the spreading of various microorganisms such as bacteria and fungus, they do not absorb any odors and it is very easy to clean them. You can wash them in the dishwasher. You will easily find the right one - four differently colored boards, furnished with a special icon depicting the type of food all placed in an original stand for storage.

Set of cutting boards	Size W x L x H, mm	Material	Article	EAN-code	Quantity in the set
