Refrigerator RF1000

bon appétit

FULL PALETTE OF FLAVORS

Bright, stylish, compact refrigerator RF1000 with 103 liters capacity allows to store fruit, vegetables, herbs, drinks and much more. It is perfect for a cozy little kitchen, small rooms, offices, villas, as well as an additional refrigerator, for example, for drinks. There are glass shelves, a shelf with bottle holder, compartment for eggs, a box for vegetables, and the top of the fridge has a zero camera - a zone for preserving freshness at zero degrees. If you need to put into refrigerator something big, shelves can be removed. Energy efficiency class A +, allows the economical use of electricity.
