FULL  
PALETTE  
OF FLAVORS

Super  
Silent

Oursson Company presents you the quietest meat grinder MG2012. With it you will be able to prepare mince, prepare mince for sausages and meat balls, chop vegetables and fruits, grate cheese and even cook 3 kinds of pasta! And you can do it completely at any time, even when your home indulges in sweet dreams. It is preparing 85 kg/hour!

Meat grinder set includes maximum number of attachments and cutting discs with holes of different diameters and a convenient box for storing accessories. Meat grinder is also equipped with engine overheat protection, that will help your device stay longer in working condition.
