Multi Grinder **OG2075**

bon appétit

**FULL
PALETTE
OF FLAVORS**

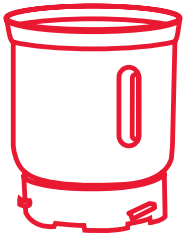

Magical aroma of fresh coffee, heady smell of freshly grinded spices, fabulous taste of hot cocoa, self-prepared from roasted cocoa beans and many more is now possible with OURSSON multi grinder OG2075. Thanks to a high power and a large grinding container, you will be able to grind necessary ingredients in no time. After feeling the taste abyss between freshly grinded coffee or spices and products bought at the market, you will make a choice in favor of the multi grinder OG2075. This device is created for the real gourmets and lovers of the true taste and useful qualities of coffee, cocoa and different spices.

Removable grinding container, cord storage and a vacuum storing container with a pump in the set will make the using process convenient and easy.
