Dehydrator Oursson DH3501D – is a household appliance that will easily help you to preserve vegetables, fruits and mushrooms, dry meat, fish, poultry and much more. Simple and clear control will help you to set the right temperature 38/48/58/68°C and set time up to 12 hours, required for dehydration or drying. The device is made of a safe BPA Free ABS plastic, has 8 capacious drying trays. While drying fruits, vegetables, meat or fish, excessive moisture evaporates, while the structure of the cells remains intact, the products retain their natural color, taste and aroma, vitamins, microelements and enzymes.
